Season Registration

Players must register for each individual season by completing this form at the appropriate time. Season registration is open to TSA members in good standing. Season registration typically runs for 3 or 4 weeks with a deadline that is two weeks before the start of the season. Please check the website or contact TSA for specific registration dates. Late registrants will be accepted and placed on teams on a first come, first serve basis as space allows.

A season registration **is not considered complete** unless the appropriate season box is checked, payment has been made and the liability waiver on the bottom of the form is signed. **Failure to accurately complete a season registration form may result in the loss of a spot on a team. Full Payment must be received with your registration. Payments accepted are check, money order or cashier's check, cash is not accepted for payment.** Contact TSA if you have any questions.

You must have a player pass to play in league games. Please email a picture to tsasoccer@yahoo.com.

Liability Waiver

I recognize that soccer is a contact sport, and, even though the TSA philosophy of play is recreational, there is always the possibility of physical injury. Knowing that this possibility exists, I am still willing to participate in TSA sponsored play.

I will not hold liable the Tallahassee Soccer Association, its Directors or Officers, the City of Tallahassee, the Manager of the Meadows Soccer Complex, the United States Soccer Federation or any of its affiliates, or any agent of any of the foregoing, for any injuries I sustain. I have read, or had explained to me, the TSA Rules of Play (which can be found at www.tallahasseeassoc.net) and am willing to abide by this recreational philosophy, or accept the sanction that may be imposed on me by TSA.
