

Tallahassee Soccer Association

TSA Awards 2011

The following individuals are the Tallahassee Soccer Association award winners as voted and awarded by the league.

Still Kicking...
(male) **Mike Bath**
(female) **Joyce Burroughs**

These veterans of the pitch have continued to make great contributions to the various leagues and kick-arounds hosted by TSA. Their experience on the field is invaluable, and their stories of the golden years are always great. These are the players who age well, like wine, but continue to stay young at heart.

Golden Boot...
Zarko Manojlovic

Flawless technique, fleet of foot, or simply brute strength, little stands in the way between this player and putting the ball in the goal. This is the player who is the 'go-to' striker for all of your scoring needs.

Golden Gloves...
Greg Picnic

Cleaning sheets and shut outs are the only thing this player serves. Whether it's anchoring the defense with solid goalkeeping skills or simply puzzling the opposing forwards with dazzling, bright, and sometimes sparkly goalie jerseys, this is the brick wall between the posts keeping your team on the right path to victory.

Rookie Of The Year...
(male) **Nick Nearhoof**
(female) **Caroline Waryoba**

These members are celebrating their first season as a TSA member, and have already made a splash with their team. They show great sportsmanship and have already helped make their team more competitive and fun to play for.

Suann Malchow Award...
Anna Telhiard

Mike Goslin Award...
Jim Kenney

Train Wreck...
Mo Baker-Nafal

A body at motion will continue in motion, that is, until it collides with another player! These are the players that have lost all usefulness of their trusty handbrake, and whether it's just too much speed for them to handle, sheer clumsiness, or overeagerness, this is the player that it is much better to watch play from the sidelines - that way you don't get run over! Admire these soccer enthusiasts from afar, because while they might not mean to go through you, standing in their way is never, ever, a good idea!

Aaron Roth Sportsmanship...
Heather Kidd

Compassion, honesty, trustworthiness, loyalty, and sportsmanship are all virtues on and off the soccer field. The Aaron Roth Sportsmanship Award is awarded to those members of the soccer league who show these exemplary qualities as representatives of our soccer league and community. Aaron Roth was a genuine gentleman, kind, loyal, and full of the TSA Spirit that this award embodies - and it is our wish to honor his passing with this special award.

Spirit of TSA...
Cathy Badger

Maintaining the safety of the players and spectators at the field while ensuring a fair and balanced game, referees are an important aspect of the success of TSA. Controlling the game while at the same time allowing for the recreational spirit of the league, these valued contributors help make the TSA games work.

Most Valuable Referee...
John Williams

Maintaining the safety of the players and spectators at the field while ensuring a fair and balanced game, referees are an important aspect of the success of TSA. Controlling the game while at the same time allowing for the recreational spirit of the league, these valued contributors help make the TSA games work.
